2. Furnishers of User Data

In order for HW to function for a user (the customer), data must have been furnished to HW that contains certain user data. HW maintains data for banks, lenders, and debt purchasers (creditors). Data may be furnished directly by your creditor or by a third party collection company authorized by a creditor (Furnishers). HW does not own the data furnished to us. HW provides Furnishers the minimum type of data required for HW to function. The minimum data required for HW to function is: user's name, social security number, address, phone number, original creditor name, current creditor name, account number, reference number, and balance. Furnisher may maintain additional user data. HW has no control over what data Furnishers maintain within the HW framework and/or to what extent beyond the minimum data requirements Furnisher may maintain within the HW framework. HW makes no warranty or guarantee as to the accuracy of Furnisher's data.

In order for a visitor to use <https://payline.payhwi.com/>, they must first authenticate they are the correct person (the debtor) to access the data by providing their Account Number and Pin Number. To utilize the online negotiation tools of HW, no additional information is required by user.

When a user makes an offer within the creditor's guidelines or accepts a counter offer presented by HW on behalf of your creditor, the user will proceed to the payment portal. The user must provide additional information at the payment portal, as is standard in all payment portals. The data you provide will be collected to process your payment. This information may include, but is not limited to: your name, address, email address, phone number, form of payment and information required to process the payment such as: a bank account number and routing number or credit card number, expiration date and SEC code. In some cases, payment information is stored in HW's secured database in order to transmit the information to payment vendors for processing. Such information will never be shared except as listed above. HW always keeps data secure and private unless authorized by you to share.
